data + service

Swiss Alliance for
Data-Intensive Services

A Swiss technology network for innovative companies, academic institutes and individuals with a focus on data-driven value creation: services, products and business models based on data.

Small Companies & Start-ups
Get boost opportunities

www.data-service-alliance.ch   Together we move faster.

Small companies & start-ups

Small and **medium enterprises** and **start-ups** may profit from several boost opportunities.

- Access to innovative Industrial Members or Academic Members for innovation projects via „Call for participation".

- Access to an European Research programs, like *SME Instrument 2018-2020*. It aims to help fast growing, highly innovative, for-profit Small and Medium Enterprises (SME) seizing the European and global ambitions.

- Only 2'000 CHF cash contribution, if combined with in-kind contributions.

- Positioning yourself with specific in-kind contribution.

Start-up Grant 2018/2019

Specific support program for start-ups allows small companies with restricted financial means to become member of Data+Service and enrich the community with their creative potential.

Start-ups may receive a free membership for 2 years if they engage in an innovation project with another member of the Alliance. So, if a start-up is active in creating innovation within the context of the Alliance, they are doing exactly what the Alliance is made for, and they are made a member of our innovation community even if they cannot afford a regular membership.

Each year five start-ups will be supported by this grant. These start-ups can profit from the knowledge and expertise of the other members of the Alliance, while bringing in their own expertise at the same time.

Start-ups may apply via the office. The office will search the appropriate project partner within the Alliance. Additionally, the office will support in raising additional funding for the project via Innosuisse, or EUResearch or other programs. As soon as the project is started, the start-up will become Silver member, while the membership fee is covered by the Alliance for 2 years.
