

Swiss Alliance for  
Data-Intensive Services

A Swiss technology network for innovative companies, academic institutes and individuals with a focus on data-driven value creation: services, products and business models based on data.

# Expert Support Know-How sharing with members

[www.data-service-alliance.ch](http://www.data-service-alliance.ch) Together we move faster.

## Experts from fellow members are ready to support you.

The Alliance offers a marketplace for its members to offer and receive expert support for or from fellow members.

Examples for such offers are: tailor-made inhouse events, workshops, lab activities, expertise in a specialised area, and more.

Example for current offers:

Looking for other expertise?  
The office helps you to connect with appropriate experts within the Alliance.  
Our experts can be Academic or Industrial Members.  
([info.office@data-service-alliance.ch](mailto:info.office@data-service-alliance.ch)).

## Offers for the general public.

**The Machine Learning Hotline**, offered by our Expert Group on machine learning: geared especially towards small and medium enterprises without internal machine learning expertise, you can call our hotline at specific office hours and discuss any question with an expert in the field to get professional advice. We reserve 10 Minutes per case and serve callers on a „first come“ basis. No appointment is necessary.

**The Machine Learning Hotline** is available frequently. Please check our website or get in touch with our office ([info.office@data-service-alliance.ch](mailto:info.office@data-service-alliance.ch)) to learn more.

Each year, the Alliance organizes the Swiss Data Science Conference (SDS). This conference with several hundred participants is a public event with attractive talks and speakers for exchange and sharing.

Join the network and bring your data-driven business to the next level.
